Charleroi Youth, Experienced in Art, Will Make Ascension

PART OF CELEBRATION

A balloon ascension by a Charleroi youth will be one of the features of the Charleroi-Bentleyville-Ellsworth-Cokeburg celebration to take place here on Thursday. Charles Wagner, the son of Mr. and Mrs. Henry Wagner of Sixth street, who is better known to the younger generation as "Pooney" Wagner will be the balloonist. Young Wagner has been doing balloon work this summer.

In writing to a local committee Capt. George E. Stewart of Appleton, Wis., pays young Wagner a compliment. He says, "I have known Mr. Wagner as an employee of mine and I also wish to state that he is the best balloon man that I ever had working for me."

The balloon has arrived and Wagner is also here. His ascension will take place at 2:45 o'clock at the foot of Second street close to the entrance to the baseball park.

W. & J. MEN DO MANUAL WORK IN REPAIRING STAND

Washington and Jefferson College students in three hours Monday cleared away all evidence of a fire, which destroyed the grandstand in College Park Sunday, and put up temporary stands. At the chapel it was announced that the classes and lectures would be dispensed with for the day and that the students would be asked to aid in clearing away the fire wreckage.

The 300 students, with blackened hands and faces, marched over the town singing college songs. At Washington seminary, the girls' school, the students marched through the building and entered every recitation room.

Suffragists to Organize

Meeting Called for Tonight at Reading Rooms on Fifth Street

Tonight an earnest effort will be made by local equal suffrage workers to organize a Charleroi association. Mrs. John O'Neill of Fallowfield avenue, who was appointed at a meeting recently to have charge of the organization work here, has called a meeting to be held in the Charleroi public reading rooms at the corner of Fifth street and Washington avenue. The meeting will be for everybody and Mrs. O'Neill hopes for a large attendance.

FALLS 75 FEET; IS STILL LIVING

Charleroi Man Has Miraculous Escape From Death This Morning

John Picklosky, aged about 25 years, single of 1218 Meadow avenue fell a distance of about 75 feet while working in the stack at the water pump station this morning about 9 o'clock, receiving a badly cut ankle and an injured back.

Picklosky was working in the stack near the top making preparations for the building of an addition of 34 feet to the stack. It is supposed that the rope which was supporting him in the stack became untied, and that he fell to the bottom of the pit, where there were some blocks, loose boards and saw dust.

Picklosky's left ankle was badly cut. It is not known how badly his back was injured. He was taken to the Charleroi-Monessen hospital.

AUTOIST GIVES HIS VERSION OF ACCIDENT

L. A. McVey who had an automobile accident on Saturday night, a brief account of which was given in the Mail Monday evening from stories gleaned from various sources, in giving his version of the affair, states that the accident was not a serious one. He was on his way out from Charleroi on the way to Bentleyville, when he discovered his lights were turned and in turning his car backed into the soft dirt. He was unable, he says to get the car back to the road without help and procured the aid of Clyde Wickerham, of the Elite Garage. A temporary block and tackle was prepared and by the use of another car Mr. McVey's machine was placed in the road, undamaged. He says his accident occurred early in the evening, between 7 and 8 o'clock.

CAR FAILS; ROSS HURT

Accident at Brownsville May be Attended With Fatal Results

AUTO GOES OVER BANK

When his automobile backed over a 15 foot embankment at Brownsville this morning, J. T. Ross, aged 51 years, an undertaker of Brownsville received injuries that may cause his death.

Mr. Ross was driving up what is known as the Steep Hill off of Market street, when his gasoline gave out. He did not know the trouble when his engine stopped dead and alighted after fixing the breaks to crank the machine. His car started backward. Ross leaped back into the machine with the intention of stopping it, but the wheels slipped on the slippery road, and the machine plunged over the 15-foot embankment. It landed against the porch of G. B. Obey's home.

Ross was taken home, where it was stated three ribs had been torn loose from his backbone, two piercing one of his lungs. Late this afternoon it was stated he had slight chance for recovery, although Dr. Swope, a Pittsburg specialist was on his way out to give medical attention.

BILL PHILLIPS MUCH CONGRATULATED PERSON

Bill Phillips has returned home from Indianapolis, Ind., where the baseball club of which he was manager got away with the pennant for the second time. He brought with him all kinds of congratulatory telegrams recently received. Among them was one from State Controller Samuel C. Todd of Charleroi. Congratulations to Manager Phillips, from Gov. Tener, president of the National league were those contained in a news story he gave out here on a visit last week.

NEW STORY NOW TOLD

Shooting Saturday Did Not Start With Beer Bottle Slinging

HURT MAN MAY RECOVER

Andy Marglevski, the Charleroi man who it is alleged was shot by John Macanck Saturday night, and taken to the Memorial hospital at Monongahela, it is stated today will recover. The bullet is lodged in his side, but it is said the wound is not as serious as was at first believed.

Macanck was taken to jail at Washington today having been held in default of bail for court.

The fight started on Fifth street, but contrary to the numerous stories flying, did not start at a local hotel. One man who was acting in a manner displeasing to the hotel management was expelled just before the first of the series of disorders began on Fifth street and the two stories conflicted, when excited persons who thought they knew told it. The statement from the police clears away a point of contention that beer bottle throwing was incidental connected with the evening's events. Macanck it now appears was not concerned in any such pastime, and as a matter of fact there was no such occurrence.

WAR BULLETINS

London, Oct. 13.—The lists of losses in the Prussian army contain a total of 211,000 killed, wounded and missing. The lists do not include losses among the Bavarians, Saxons and Wurtembergians. The whole German front is preparing to take the offensive again along a battle line 300 miles long. The Germans have occupied Ghent.

Rotterdam, Oct. 13.—A list of the principal war contributions levied by Germans on French and Belgian towns and Belgian provinces is as follows: Antwerp, \$100,000,000; Brussels, \$40,000,000; Province of Liege, \$10,000,000; Louvain, \$20,000; Lille, \$1,440,000; Armentiers, \$100,000; Mons, \$140,000; Boudaix and Tournai, \$200,000; Termonde, \$200,000; Province of Brabant, \$9,000,000; Ghent, \$20,000 and Amiens, \$200,000. A total of \$161,320,000.

Petrograd, Oct. 13.—It is announced that the Russian armored cruiser Pallada was torpedoed in the Baltic sea by a German submarine Sunday and went down with her crew. The crew number 568 men.

London, Oct. 13.—A dispatch from Berlin says the German cavalry completely routed a French cavalry division west of Lille. Near Hazebrouk the Germans inflicted severe losses on another French cavalry division. The engagements on the front in the Western theatre have not led to a decision. In south Poland the advance guard of the German armies have reached the Vistula. They captured 2,000 men of the second Siberian army corps.

Berlin, Oct. 13.—Enormous quantities of provisions of all kinds were captured in Antwerp. The garrison of the northern fort and 12,000 English fled to Holland, where they were disarmed. The Belgians estimate that they lost 20,000 men as prisoners.

Paris, Oct. 13.—On the French left wing, the cavalry engagement continues in the region of LaBasse. At the center the allies have made some progress. On the right wing, in the Vosges, the Germans made a night attack in the region of Ban-De-Sapt to the north of St. Die, but were repulsed.

Time Set For Speed Trials

Motorcyclists May Tune Up Tonight For Big Race Thursday

Arrangements have been made for motorcyclists, who are contemplating participating in the hill climbing contests Thursday, to use Fifth street this evening and Wednesday evening from 9 to 12 o'clock to practice on.

Several local cyclists have signified their intention of entering this contest and there will probably be a number take advantage of the chance to try out their machines on the street today and tomorrow.

SCHOOL OR JOY RIDING, WHICH?

Such is the Question Pointedly Asked by Citizen—Suggests Law Enforcement

To the Editor of the Charleroi Mail:

To those of us who have seen our town grow from a corn field to the Magic City of today the article in the Mail on Monday evening was a sad commentary on existing conditions. No one who has been out the pike can doubt the fact, as stated in the article that autoists are in the habit of speeding past the school building.

If in addition to loss of life the privilege of education is to be sacrificed to the speed demon then we disgrace the civilization of our day. If we as citizens sit idle and see our friends in Fallowfield compelled for the safety of their children to abandon a school building and incur the expense of a new one simply in order that a few auto maniacs may clip a second or two off the Charleroi to Bentleyville record, then we simply say give the speeder the road and send the children to the woods.

If it is impossible to get enough of the grace of God in the hearts of men that they will regard the law of the land and the lives and interests of their fellowmen, then there is grave danger that in the present temper of the people, the result will be brought about by other means.

CONCERT FOR RED CROSS TO BE GIVEN

A committee has been formed under the chairmanship of W. D. Pollock to give a red cross benefit concert in the Charleroi high school auditorium, Friday evening, November 6. The concert will be under the directorship of Prof. Carl Retter.

Local and outside talent will participate in the concert. The committee in charge of the concert are working to make it a success.

Money is being raised in all the principal towns and cities in the United States to aid the red cross work in Europe. The red cross is said to be hampered in its undertaking because of a lack of funds.

At the reviewing stand the welcoming address will be made by Councilman W. R. Gaut.

THE BOND ISSUE

Not only are candidates for some of the most important state and United States offices to be voted upon this fall, and some decidedly important constitutional amendments to be considered, but also locally there is a grave question that the voters must not forget. This is the proposal to issue \$75,000 in bonds for municipal improvements and a municipal building.

People must decide for themselves the merits of the proposal. Of the \$75,000 it is planned to apportion \$65,000 for the purpose of paving hill streets, and \$10,000 for the purchase of a site and the erection of a municipal building.

There is no question as to the value of municipal improvements of the kind proposed. The only possible question is that pertaining to the advisability of bonding the town to the extent of \$75,000 at the present time.

Paved streets in the hill districts would improve Charleroi borough as much as anything possibly could. The town is rapidly being built up and paved streets throughout are necessary. As to a municipal building, the need is apparent. Charleroi owns two properties now, but neither is adequate for the use to which it is put. The lockup building will either have to be improved and sanitary arrangements bettered, or a new lockup will have to be provided. As for the borough building, quarters are unsuitable. It is proposed that a new municipal building be erected that will answer for all borough purposes.

Estimates have been made of the saving that paved streets on the hill section would create, and these estimates have tended to indicate that there will be no incidental increase in taxation with the adoption of the proposed bond issue. If estimates hold true then the town would actually save by a bond issue at this time. But even if a slight increase in the rate of millage should be entailed by reason of a \$75,000 bond issue, it would be worth it considering the beneficial effect.

Health Restored by

Eckman's Alternative

Glandular trouble, very frequently diagnosed by physicians as "Tuberculosis in the Glands," has been found to yield to Eckman's Alternative when other treatments did not bring relief. Eckman's Alternative is a medicine which during the past fifteen years has brought about many recoveries even in a number of supposed incurable cases. Read this: "277 Lauriston St., Phila., Pa. 'Gentlemen: In March, 1920, my doctor pronounced my case 'Tuberculosis in the Glands,' and a number of operations in a hospital failed to benefit me. In the meantime a friend of mine advised Eckman's Alternative. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles I found I was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1920. On November 11, 1920, I started to work, and since that time I have not lost one day's work through sickness. I highly recommend Eckman's Alternative to anyone who is suffering from Gland trouble." (Affidavit) JOSEPH B. WHITE. (Above abbreviated name in parentheses.) Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stomach Colds and to unbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists. Two ways of getting along

Which wins?

Now and then, we hear people say that they can get along without a typewriter. Yes, we believe that. Only forty years ago everybody got along without one.

So they did, a little further back, without the steam engine and the railroad train. They got along without them because there were none.

Anyone today who thinks he can get along without the typewriter because he can do his writing with the pen, is like the man who thinks he doesn't need the railroad because he can walk. In your method of writing you may be "walking" today. If so, then remember that the railroad is built and—

Remington JUNIOR Typewriter

We have built the Remington Junior on purpose for those who have writing to do and need a typewriter but who haven't bought one—yet.

We have built it for the traveler and for the home; for the doctor, the clergyman, the farmer, the retail storekeeper—for everyone who needs a typewriter for the simpler uses, like manuscript and letter writing. The price of the Remington Junior is fifty dollars, cash with order. It is just what its name implies, a "boiled down" Remington; smaller, lighter, simpler and more portable, but a true Remington in the work it does and the way it does it, and sold under the iron-clad Remington guarantee.

Here is your chance, absolutely your first chance, to buy an absolutely first-grade typewriter at a medium price. For \$55.00, we will sell you a Remington Junior on terms of \$5.00 down and \$5.00 a month.
